Table - 2: Alert Levels

Level	Scenario	Protective Measures
	<p>EXTREME THREAT</p>	<p><u>Avoid travel:</u> Threat to personal safety is extreme. Macao residents planning to travel to or in the destination should be aware of the severity of the situation and the limits that official assistance can be provided there. It is advised to avoid travelling to and, in some cases, might be advised by the GGCT to leave the destination.</p>
	<p>ELEVATED THREAT</p>	<p><u>Reconsider non-essential travel:</u> The threat to personal safety is elevated. Macao residents planning to travel to or in the destination should reconsider the need to travel at this time. It is suggested to avoid non-essential travel to the destination.</p>
	<p>IMMINENT THREAT</p>	<p><u>Exercise caution:</u> There is an imminent threat to personal safety. Macao residents planning to travel to or in that destination should be alert and vigilant towards their own safety. It is suggested to exercise caution and monitor developments that might affect personal safety.</p>
