The International Congress and Convention Association (ICCA) is the world's foremost conference organisation. It was founded in 1963 and has a membership of more than 1,000 governmental organisations, exhibition related companies and convention centres in more than 90 countries. Each year, ICCA prepares a report ranking the number of ICCA meetings held in each country region/city. This authoritative report is widely recognised in the industry and is also an important reference for professional organisers in the selection of ideal conference location. Macao currently has a total of seven ICCA members from governmental departments, hotels, professional conference organisers and conference service providers.

There are stringent requirements for ICCA assessment: such conferences must be by organised regularly by an international association/organisation event (excluding corporate meetings), in rotation in three or more countries/regions with no less than 50 participants. . According to the latest "2015 ICCA Statistics Report", 28 international meetings held in Macao were recognised by ICCA, showing an increase of 5 events as compared to the total a 23 in 2014. As for ranking in Asia, Macao ranked 34<sup>th</sup> in 2013, 20<sup>th</sup> in 2014, and 21<sup>st</sup> in 2015. Regarding the ranking worldwide, Macao ranks 93<sup>rd</sup> in 2015, moving up by 8 and 63 places respectively compared with its ranking of 101<sup>st</sup> in 2014 and 156<sup>th</sup> in 2013.. The Macao Trade and Investment Promotion Institute (IPIM) officially became an ICCA member in August 2012 and has actively participated in all ICCA activities, and seized the opportunity for dialogue with meeting managers, professional meeting organisers and related international meeting institutions. IPIM has also rolled out a one-stop bidding and support service for meeting organisers that are interested in holding events in Macao. The ICCA online database, with over 17,000 international meeting data points, has also allowed IPIM to search for potential meetings and bid to hold them in Macao. This has attracted even more international meeting organisers to hold their activities in the city.
